

DEAR FRIENDS, DEAR CHILDREN AND YOUTH

The second year's season at the sports camp Vladimir Vanja Grbić has just been open.

This year, along with the existing programmes, we offer new and interesting activities that will make your stay in our camp more comfortable and purposeful.

Last year's camp was attended by 418 children, together with 38 children from the Municipality of Čajetina, which makes our first year an incredible one. A total of 456 children and youth attended our camp.

Of course, the camp is not aimed only at children with previous experience in volleyball (there were approximately 10% children with no background in volleyball whatsoever) because the camp's goals are: health, prevention and improvements in children regarding their orthopaedic motoric and psychosocial skills.

Last year's camp lasted 7 days per shift; this year, the camp will last 10 days per shift. The camp is to be held at Mt. Zlatibor from June 18th to July 28 2018 (shifts from 18.6-28.6. | 28.6.-8.7. | 8.7.-18.7. | 18.7.-28.7.).

EACH PARTICIPANT SHALL BE GIVEN:

1. 5 T-shirts, 3 shorts, Sweatshirt
2. Multimedia link - Every child will have video and photos of their shift in the Camp
3. Full board accommodation at the "Golija" Children Recreation Centre facilities.
4. Accessories for personal hygiene
5. Complete orthopaedic, motor and psycho-social tests and technical evaluations with recommendations (this year, the children will take home with them printed copies of analyses with recommendations, and parents will receive them electronically via email).
6. Workshops with celebrities - Organized workshop with celebrities in every shift.
7. Education with professors in the field of nutrition, improvement of development and health condition, and on many other topics such as prevention of internet violence (how to use social media).

Organizational characteristics of the Camp:

- The Camp lasts for 10 days;
- There are 18 to 20 licenced coaches on the Camp;
- 200 children per shift;

- Accommodation is at the "Golija" Children Recreation Centre. Accommodation is based on full board, 4 meals per day. Meals are prescribed by a nutritionist. Children with allergies or food intolerance have specially prepared meals.

- Practices are held at the Wai Tai Sports-tourist Centre indoor court, outdoor beach volleyball court, and other outdoor courts, according to the needs.

We have Čigota Medical Centre at our disposal, including swimming pool and fitness centre, as well as the complete diagnostic preventive and rehabilitation program for children to senior people.

Maximum 12 children work with one coach, according to the established program personally overseen and controlled by Vladimir Vanja Grbić.

At the end of the Camp, every child will get written recommendation with tests results to further pursue better and more purposeful work in terms of health and development potential.

The Camp is recommended to parents, schools, clubs and coaches who work with children. There is a possibility to continue cooperation with every coach or club if there is a wish for it.

The beginning of the Camp is at 12 o'clock on the first day. Children get the equipment and get introduced with the Camp rules. Then they are divided into groups from 10 to 12, according to their age. Every group has 1 coach.

Pricelist

The price of the Camp is 360 EUR (10 days).

The arrangement does not includes transportation to the camp

All information about the Camp can be acquired by telephone +381 61 2141 332 or by mail: kontakt@kampvanjegrnica.rs.

Sincerely,

Vladimir Vanja Grbić
